EXAMINER'S AMENDMENT

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-7, drawn to a fastener driving tool with a nosepiece, classified in class 227, subclass 83.
 - II. Claim 8, drawn to a method of holding and spacing an object at a predetermined distance from a substrate, classified in class 29, subclass 432.1.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions II and I are related as process and apparatus for its practice. The inventions are distinct if it can be shown that either: (1) the process as claimed can be practiced by another materially different apparatus or by hand, or (2) the apparatus as claimed can be used to practice another and materially different process. (MPEP § 806.05(e)). In this case, the process can be practiced by using another materially different apparatus which does not require a nosepiece.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
4. During a telephone conversation with Lisa Soltis on August 29, 2005, a provisional election was made without traverse to prosecute the invention of Group I, claims 1-7.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claim 8 to an invention non-elected without traverse. Accordingly, claim 8 has been cancelled. The abstract is too long. Accordingly, in the abstract, lines 15-25, "A novel method...the predetermined distance." was deleted. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Scott A. Smith whose telephone number is 571-272-4469. The examiner can normally be reached on 5:30-4:00 Tues.-Fri..
